THIS MASTER DECLARATION (hereafter "Master Declaration"), made this 2nd day of
FEBRUARY, 2004, by PULTE HOMES OF INDIANA, LLC (hereafter "Declarant");

WITNESSETH:

WHEREAS, Declarant is the owner of certain real estate, located in Hamilton County, Indiana, which is more particularly described in what is attached hereto and incorporated herein by reference as Exhibit "X" (hereafter "Real Estate"), upon which a residential subdivision known as *Avalon* (hereafter "Development") will be developed;

WHEREAS, the real estate described in what is attached hereto and incorporated herein by reference as Exhibit "Y" shall hereafter be referred to as the "Additional Real Estate".

WHEREAS, Declarant desires to subdivide and develop the Real Estate and Declarant may, in the future, desire to subdivide and develop such portions (or all) of the Additional Real Estate as may be made subject to the terms of this Master Declaration, as hereinafter provided;

WHEREAS, the term "Property" shall hereafter mean and refer to the Real Estate together with such portions of the Additional Real Estate as have from time to time been subjected to this Master Declaration.

NOW, THEREFORE, the Declarant hereby declares that the Property and all of the Lots (hereafter defined) in the Property, as they are held and shall be held, conveyed, hypothecated, or encumbered, leased, rented, used, occupied, and improved, are subject to the following restrictions, all of which are declared to be in furtherance of a plan of the improvement and sale of the Property and each Lot situated therein, and are established and agreed upon for the purpose of enhancing and protecting the value, desirability and attractiveness of the Property as a whole and each of the Lots situated therein. This Master Declaration shall run with the Property and shall be binding upon the Declarant, its successors and assigns, and upon the parties having or acquiring any interest in the Property or any part or parts thereof subject to these restrictions. The restrictions shall inure to the benefit of the Declarant and its successors in title to the Property or any part or parts thereof.

As of the date of execution hereof, the Property consists solely of the Real Estate. The Owner of any Lots subject to these restrictions, by (i) acceptance of a deed conveying title thereto, or the execution of a contract for the purchase thereof, whether from Declarant, a Builder, or a subsequent Owner of such Lot or (ii) the active occupancy of any Lot, shall accept such deed, execute such contract and/or actively occupy such Lot subject to each restriction and agreement herein contained.

Declarant shall have the right, and hereby reserves on to itself the right, at any time, and from time to time, at any time prior to the expiration of the Development Period, to add to the Property and subject to this Master Declaration all or any part of the Additional Real Estate. Any portion of the Additional Real Estate shall be added to the Property, and therefore and thereby becomes a part of the Property and subject in all respects to this Master Declaration and all rights, obligations, and privileges herein, when Declarant places of record in Hamilton County, Indiana an instrument so declaring the same to be part of the Property, which supplementary Master Declaration (hereafter "Supplementary Master Declaration") may be as part of a subdivision plat for any portion of the Additional Real Estate, or by an

amendment or supplement to this Master Declaration. Such Supplementary Master Declaration may contain modifications hereto and additional terms, conditions, restrictions, maintenance obligations, and assessments as may be necessary to reflect the different character, if any, of the Additional Real Estate or improvements to be located thereon.

Upon recording of any such instrument on or before the expiration of the Development Period, the real estate described therein shall, for all purposes, thereafter be deemed a part of the Property and the Owners of any Lots within such real estate shall be deemed for all purposes, to have and be subject to all of the rights, duties, privileges, and obligations of Owners of Lots within the Property. No single exercise of Declarant's right and option to add and expand the Property as to any part or parts of the Additional Real Estate, shall preclude Declarant from thereafter from time to time further expanding and adding to the Property to include other portions of the Additional Real Estate, and such right and option of expansion may be exercised by Declarant from time to time as to all or any portions of the Additional Real Estate so long as such expansion is accomplished on or before the expiration of the Development Period. Such expansion of the Property is entirely at the sole discretion of the Declarant and nothing contained in this Master Declaration or otherwise shall require Declarant to expand the Property beyond the Real Estate, or to any portions of the Additional Real Estate which Declarant may voluntarily and in its sole discretion from time to time subject to this Master Declaration.

CHARACTER OF THE DEVELOPMENT

Section 2.1. In General. No structure shall be erected, placed or permitted to remain upon any Lot except a Residence. All Property located within a plat which has not been designated by numbering shall be used in a manner determined by the Declarant. Lots may be used only for residential purposes and only one Residence may be constructed thereon. No portion of any Lot may be sold or subdivided such that there will be thereby a greater number of Residences in Avalon than the number of Lots depicted on a Plat. Notwithstanding any provision in the applicable zoning ordinance to the contrary, no Lot may be used for any "Special Use" that is not clearly incidental and necessary to single family dwellings.

Section 2.2 Other Restrictions. All Property shall be subject to the easements, restrictions, and limitations of record appearing on a Plat and amendments thereto, on recorded easements, and rights-of-

way, and also to all governmental zoning authority and regulation affecting the Property, all of which are incorporated herein by reference.

ARTICLE III

EASEMENTS

Section 3.1 Designated Easements. The following are easements designated or to be designated, in the Declarant's sole discretion, upon a plat:

(A) Designated Drainage, Utility, and Sewer Easements. There are strips of ground designated on the Plat as drainage easements, utility easements, sewer easements, sanitary sewer easements and storm sewer easements, or any combination thereof, which are hereby reserved to the appropriate governmental entities, public utilities, and private utilities for the installation and maintenance of swales, ditches, pipes, drains, sanitary sewers, manholes, detention and retention areas or other drainage facilities. Purchasers of Lots in this subdivision shall take title subject to such easements hereby created and subject at all times to the rights of proper authorities to service and maintain such drainage facilities and easements, and no permanent structure of any kind and no part thereof, except fences which do not retard or impede the flow of drainage water and which are approved by any entity to which the easement is dedicated and pursuant to Section 5.9 below, shall be built, erected or maintained on said drainage easements, except by the Declarant or its assigns. It shall be the responsibility of the Master Association and the Owners of the areas enclosed within such easements to maintain such areas in such conditions that the flow of storm drainage waters on, across and from said areas shall not be impeded, diverted or accelerated. Such use for storm water movement or retention or detention is hereby declared to be an easement and servitude upon said land for the benefit of the Owners of other land included within the Plat, upstream or downstream, affected by such use and for any proper governmental agency or department or any private or public utility. All proper governmental agencies or departments and public and private utilities are hereby given the right to obtain access to such areas to perform maintenance and to perform such maintenance as may be necessary to protect that easement and servitude rights. It shall be the responsibility of the Master Association and the Owner of any Lot or parcel of land within the Plat to comply at all times with the provisions of the drainage plan as approved for the applicable Plat by the appropriate governmental agency or department and the requirements of all drainage permits for such Plat issued by those agencies. Failure to so comply shall operate as a waiver and release of the Declarant, the developer, or their engineers and agents from all liability as to damage caused by storm waters or storm drainage.

Further, there are easements and servitudes upon the land within the Plat in favor of surface water runoff along natural valleys and drainage channels running to Owners of other land contained within the Plat, upstream and downstream. It shall be the responsibility of the Master Association and the Owners of these natural valleys and channels to use their land and maintain said natural valleys and channels in such manner and condition that the flow of storm drainage waters on, across, from and to such areas shall not be impeded, diverted or accelerated.

(B) Designated Mounding, Landscaping, and Screening and Sign Easements. Any strips of grounds shown or designated on the Plat for landscaping including, but not limited to, landscape easements, landscape maintenance easements, and/or landscape maintenance access easements are hereby reserved unto Declarant, during the Development Period, and, thereafter, unto the Master Association, for the purposes of (i) providing signs which either advertise the

Property and the availability of Lots or identify the Property or, (ii) installing landscaping, mounding, and screening. Declarant reserves unto itself during the Development Period and thereafter unto the Master Association, the exclusive and sole right to erect signs and install landscaping, mounding, and screening within these strips of ground. Notwithstanding anything in this Master Declaration to the contrary, no planting shall be done, and no hedges, walls, fences or other improvements shall be erected or maintained in the area of such easements, except by the Declarant during the Development Period, and thereafter by the Master Association. Furthermore, notwithstanding anything in this Master Declaration to the contrary, no planting shall be done, and no hedges, walls, fences, structures, or other improvements shall be erected between (i) any landscape easement or landscape maintenance easement, and (ii) any perimeter roadway, public highway or right-of-way along the perimeter or boundary of the Property, except by the Declarant during the Development Period and thereafter by the Master Association.

(C) Easement Work. Notwithstanding any architectural approval under Article VII below, during the course of any maintenance, service, repair or work upon any easement, the Declarant, the Master Association, any private utility, any public utility, and/or any governmental entity shall have the right and the authority, without any obligation or liability whatsoever to any owner, to remove, damage, or destroy any fence or other structure or landscaping built, erected, maintained or planted in any easement described in Section 3.1 (A) above and without any obligation of replacement.

Section 3.2 General Drainage Utility Sewer and other Development Easements. The following rights reserved in this Section shall not be exercised, after the conveyance of any Lot, in a manner that (i) unreasonably and adversely affects any Residence or portion thereof located upon such Lot or the Owner's use or enjoyment thereof, or (ii) unreasonably restricts the rights of ingress and egress to such Lot. The following rights and easements reserved by Declarant in this Section shall run with the land, and Declarant's right to further alter or grant easements shall automatically terminate and pass to the Master Association one (1) year after Declarant shall have conveyed the last Lot within the Property.

(A) Declarant hereby reserves unto itself during the Development Period, and thereafter unto any public or private utility, a general easement ("Drainage, Utility and Sewer Easement") for drainage, utility and sewer purposes in, on and over all of the Common Area and any Lot, so as to permit Declarant to properly install and allow to be maintained all electrical, telephone, water, gas, sanitary and storm sewer, television (including but not limited to cable and/or satellite) transmission facilities, security systems and other utility services (including all necessary lines, pipes, wires, cables, ducts, antennae and other equipment and facilities) to serve any Residence. Any Drainage, Utility, Sewer and other Development Easement shall include all areas of the Property outside any Residence, with the exception of any areas covered by chimneys, or patios. Improvements or permanent structures installed within the Common Area are subject to the rights (including the right to remove where reasonably necessary without duty of replacement or reimbursement) of the Declarant and any public or private utility to construct, maintain, repair or remove any necessary facilities. By virtue hereof, Declarant reserves the right to install a lake(s) or pond(s) on any Common Area. The rights hereunder and easements hereby reserved survive the conveyance, by the Declarant to the Master Association, of any Common Area. This easement shall be in addition to any easement defined upon a Plat as a drainage, sewer, utility, cable, landscape, sign, transmission, flowage or similar type easement.

(B) Declarant reserves unto itself during the Development Period, and thereafter unto the Master Association, an easement ("Lake Easement") and right-of-way in and to any Lake

Area (s) or areas now or hereafter shown on the Plat as a "Block", "Common Area", or "Lake" or any other Common Area within the Property used as a water retention or detention area, or on which a Lake now exists or is later constructed, for the purpose of fulfilling any maintenance obligations set forth in this Master Declaration and/or establishing and maintaining proper surface water drainage throughout the Property, including dewatering maintenance, and an easement of ingress and egress through so much of the remainder of the Property as is reasonably necessary or appropriate, to perform such actions as Declarant or the Master Association deem necessary or appropriate, for the purpose of establishing and maintaining proper surface water drainage throughout the Property, which such actions shall include the construction, repair and maintenance of retention and detention ponds or lakes in accordance with the requirements of applicable law and of all governmental agencies having jurisdiction (without undertaking any obligation or duty to exceed such requirements).

(C) Declarant reserves unto itself during the Development Period, and thereafter unto the Master Association, the right and the sign and facilities easement ("Sign and Facilities Easement") to install, erect, construct and maintain an entryway sign or signs, directional signs, advertising signs advertising the Property or the Lots therein, lighting, walkways, pathways, fences, walls and any other landscaping, architectural and recreational features or facilities considered necessary, appropriate, useful or convenient, anywhere upon the Property (except upon any Lot after the first conveyance thereof). Any such signs shall comply with any applicable zoning requirements and all such facilities shall be maintained by the Master Association as a part of its maintenance obligations.

(D) Declarant reserves unto itself during the Development Period, and thereafter unto the Master Association, the full right, title and authority to:

- (i) Relocate, alter or otherwise change the location of any Drainage, Flowage, Utility, Sewer and Lake, Sign and Facilities Easement, or any facility at any time located therein or thereon;
- (ii) Grant such further easements, licenses and rights-of-way, temporary or permanent, exclusive or non-exclusive, surface or otherwise, as Declarant may deem necessary or appropriate, for ingress and egress, utility and similar purposes on or within any portion of the Property, for the benefit of the Property or any portion thereof; and,
- (iii) Describe more specifically or to change the description of any Drainage, Flowage, Utility, Sewer, Lake, Sign and Facilities Easement or any other easement, license or right-of-way now or hereafter existing on the Property, by written instrument, amended Plat or amendment to the Plat recorded in the Office of the Recorder of Hamilton County, Indiana.

(E) The title of the Master Association as to any Master Common Area, of the Neighborhood Association as to any Neighborhood Common Area, and of any Owner of any Lot shall be subject to the rights and easements reserved herein.

ARTICLE IV

ADDITIONAL PROVISIONS RESPECTING OF SANITARY SEWER UTILITY

Section 4.1 Sanitary sewer utility easements allow for the construction, extension, operation, inspection, maintenance, reconstruction, and removal of sanitary sewer facilities and give utility companies the right of ingress/egress.

Section 4.2 No trees shall be planted directly over building sewers (laterals). Any landscaping placed within easements or right-of-ways is at risk of being removed, damaged, or destroyed by the applicable utilities without the obligation of replacement.

Section 4.3 No mounding, lighting, fencing, signs, retaining walls, landscaping walls, entrance walls, irrigation lines, or other improvements shall be placed within ten (10) feet of the center of the sanitary sewer infrastructure. Any of these which are placed within easements or right-of-ways is at risk of being removed by the applicable utilities without the obligation of replacement.

Section 4.4 All Owners not serviced by gravity sanitary sewer service are responsible for all maintenance, repair and replacement of all grinder/ejector pumps, force mains and gravity laterals from the residence to its connection to the sanitary sewer main.

Section 4.5 The discharge of clear water sources, including, but not limited to, foundation drains, sump pumps, and roof drains to the sanitary sewers is prohibited.

Section 4.6 Grade changes across sanitary sewer facilities must be approved in writing by the applicable utilities.

ARTICLE V

COVENANTS AND RESTRICTIONS

Section 5.1 Land Use. Lots may be used only for single-family residential purposes and only one Residence not to exceed the maximum height permitted by and measured pursuant to the Zoning Ordinance of the Town of Fishers, Indiana, may be constructed thereon. No portion of any Lot may be sold or subdivided such that there will be thereby a greater number of Residences in Summer Ridge than the number of Lots depicted on the Plat. Notwithstanding any provision in the applicable zoning ordinance to the contrary, no Lot may be used for any "Special Use" that is not clearly incidental and necessary to single family dwellings.

Section 5.2 Address Identification. The numbers representing the address of each Residence will be of a uniform appearance and will be displayed in a uniform location and manner, as determined by the Committee.

Section 5.3 Lighting. All homes will have two dusk to dawn lights located on the sides of the garage doors. Street lights may be installed by Declarant in the utility easements on Lots and in the Common Areas. Street lights shall be operated and maintained by the Association. The Association reserves the right to remove street lights deemed no longer necessary by the Board of Directors.

Section 5.4 Temporary Structures No trailer, shack, tent, boat, basement, garage or other outbuilding may be used at any time as a dwelling, temporary or permanent, nor may any structure of a temporary character be used as a dwelling.

Section 5.5 Driveways All driveways shall be concrete in material.

Section 5.6 Water Systems Each Owner shall connect to the water main maintained by a private or public water utility to provide water for domestic use on the Lot and shall pay all connection, availability, or other charges lawfully established with respect to connections thereto.

Section 5.7 Drainage In the event storm water drainage from any Lot or Lots flows across another Lot, provision shall be made by the Owner of such downstream Lot to permit such drainage to continue, without restriction or reduction, across the downstream Lot and into the natural drainage channel or course, although no specific drainage easement for such flow of water is provided on the Plat. To the extent not maintained by the Drainage Board, "Drainage Easements" reserved as drainage swales shall be maintained by the Owner of the Lot upon which such easements are located such that water from any adjacent Lot shall have adequate drainage along such swale. Lots may be included in a legal drain established by the Drainage Board. In such event, each Lot will be subject to assessment by the Drainage Board for the costs of maintenance of the portion of the drainage system and the lake control structures included in such legal drain, which assessment will be a lien against the Lot. The elevation of a Lot shall not be changed so as to materially affect the surface elevation or grade of surrounding Lots. Perimeter foundation drains and sump pump drains shall be connected whenever feasible into a subsurface drainage tile. Down spouts and drains shall be designed to disperse runoff for overland flow to street or swale collection systems. Each Owner shall maintain the subsurface drains and tiles located on his Lot and shall be liable for the cost of all repairs thereto or replacements thereof.

Section 5.8 Signs Except for such signs as Declarant may in its absolute discretion display in connection with the identification of development of Summer Ridge and the sale of Lots therein, no sign of any kind shall be displayed to the public view of any Lot except that one (1) sign of not more than four (4) square feet may be displayed at any time for the purpose of advertising the property for sale, or may be displayed by a builder to advertise the property during construction and sale.

Section 5.9 Fencing This subsection is applicable to all Lots except those Lots which are used for a sales office or model home by the Declarant or a Builder. No fence, wall, hedge, or shrub planting higher than eighteen (18) inches shall be permitted between the front property line and the front building set back line except where such planting is part of Residence landscaping approved by the Architectural Review Committee and the prime root thereof is within six (6) feet of the Residence. Corner Lots shall be deemed to have two (2) front property lines. Trees shall not be deemed "shrubs" unless planted in such a manner as to constitute a "hedge". All fencing shall be cedar, dog-eared shadow box on both sides of the fence, unless approved by the Committee. All fencing on a Lot shall be uniform in height, style, and color and substantially similar in material. No fence shall be erected or maintained on or within any Landscaping Easement except such as may be installed by Declarant and subsequently replaced by the Association in such manner as to preserve the uniformity of such fence. No fence may be erected on a Lot without prior approval of the Committee, which shall approve or disapprove the location of all fences; provided, however, that all fencing erected on a Lot must be erected either (i) within six (6) inches of the property line of such Lot, or (ii) more than ten (10) feet from the property line of such Lot. Owners of Lots adjoining Lots on which a fence is erected within six (6) inches of the property line shall have the right to connect a fence to the fence on the adjoining Lot if the new fence satisfies all of the criteria expressed herein and is approved by the Committee. The Committee may establish further restrictions

with respect to fences, including limitations on (or prohibition of) the installation of fences in the rear yard of a Lot abutting a Lake and design standards for fences. All fences shall be kept in good repair. No fence, wall, hedge, or shrub planting, or tree foliage which obstructs sight lines at elevations between two (2) and six (6) feet above the street shall be placed or permitted to remain on any corner Lot within the triangular area formed by the Lot lines at the streets and a line connecting points 25 feet from the intersection of said street Lot lines; and, the same rule shall apply to the intersection of a driveway with a street, in which case the edge of the driveway pavement shall be substituted for one of the street Lot lines.

Section 5.10 Nuisances. No noxious or offensive activity shall be carried on upon any Lot nor shall anything be done thereon which may be, or may become, an annoyance or nuisance to the neighborhood. Violation of any ordinance governing noise, building or lot maintenance, or any other public nuisance shall be deemed to be a nuisance creating rights in every affected Owner, the Declarant, and/or the Association, as the case may be, to enforce the provisions hereof against the offending Owner. Barking dogs shall constitute a nuisance. In the event of successful enforcement by an Owner, the Declarant, or an Owner of the provisions thereof, the offending Owner shall be liable to the prevailing party for attorneys' fees, court costs, and all other costs and expenses of litigation and collection in connection therewith.

Section 5.11 Garbage and Refuse Disposal. No Lot shall be used or maintained as a dumping ground for trash. Rubbish, garbage or other waste shall be kept in sanitary containers out of public view except not more than 24 hours prior to its removal thereof, when it may be placed at the curb of the Lot. All equipment for storage or disposal of such materials shall be kept clean and sanitary.

Section 5.12 Livestock and Poultry. No animals, livestock or poultry of any kind shall be raised, bred or kept on any Lot, except that dogs, cats or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purpose. The owners of such permitted pets shall confine them to their respective Lots such that they will not be a nuisance. Owners of dogs shall so control or confine them so as to avoid barking which will annoy or disturb adjoining Owners. Unless permitted by the Board of Directors of the Association, no Owner shall maintain more than two (2) of the same type (dog, cat, bird) of pet nor more than four (4) total pets; provided, however, that fish which are located in indoor aquariums and which pose no risk to the public health shall not be considered pets for the purpose of this restriction. No dangerous or potentially dangerous pets, such as exotic animals (large wild cats, wolves, alligators, snakes which are poisonous or longer than two feet, poisonous spiders, etc.) shall be permitted to exist in a Residence or on a Lot without the unanimous consent of the Architectural Review Committee and the Board of Directors; provided, however, that the decision of the Board of Directors to permit such animal or animals may be overturned by a majority vote of the Members at any meeting.

Section 5.13 Outside Burning. No trash, leaves, or other materials shall be burned upon a Lot unless the smoke therefrom would not blow upon any other Lot. Owners shall use appropriate incinerators and shall at all times be in compliance with all applicable legal requirements for outside burning.

Section 5.14 Antennas and Receivers. No antenna, satellite dish, or other device for the transmission or reception of radio, television, or satellite signals or any other form of electromagnetic radiation shall be erected, used or maintained outdoors and above ground, whether attached to a building or otherwise, on any part of the Property, including Lots, without the written approval of the Architectural Review Committee, which approval shall not be unreasonably withheld; provided, however, that any such device may be installed and maintained on any Lot without the necessity of such written approval if: (a) it

is not visible from the neighboring Lots, streets or Common Area; or (b) the Owner, prior to installation, has received the written consent of the Owners of all Lots who would have views of the device from their Lots; or (c) the device is virtually indistinguishable from structures, devices, or improvements, such as heat pumps, air-conditioning units, barbecue grills, patio furniture, and garden equipment, which are not prohibited by these covenants or Bylaws, or (d) it is a satellite dish 1 meter or less in diameter and not affixed to the roof of a residence; or (e) if prohibition of the installation, use, and maintenance of such device is specifically preempted and superseded by applicable governmental authority.

Section 5.15 Exterior Lights. Except on Lots on which there is maintained a sales office or model home by the Declarant or a Builder, no exterior lights shall be erected or maintained between the building line and rear lot line so as to shine or reflect directly upon another Lot.

Section 5.16 Electric Bug Killers. Electric Bug Killers, "zappers", and other similar devices shall not be installed at a location or locations which result in the operation thereof becoming a nuisance or annoyance to other Owners, and shall be operated only when outside activities require the use thereof and not continuously.

Section 5.17 Vacant Lots. It shall be the duty and obligation of the Owner of a vacant Lot to maintain such Lot and mow the lawn thereof. Declarant and the Association shall have the right, but not the duty, to enter upon each vacant Lot and to maintain the appearance thereof by cutting weeds, mowing grass, trimming trees, removing debris, installing erosion control devices, and performing any other act reasonable under the circumstances. The Owner shall be responsible for payment of all such expenses upon demand and the Declarant or the Association, as the case may be, shall have a lien on such Lot for the payment of such expenses, together with attorneys' fees and all other costs and expenses of litigation and collection which may be incurred in connection therewith.

Section 5.18 Association's Right to Perform Certain Maintenance. In the event that the Owner of any Lot shall fail to maintain his or her Lot and any improvements situated thereon in accordance with the provisions of this Declaration, the Association shall have the right, but not the obligation, by and through its agents or employees or contractors, to enter upon said Lot and repair, mow, clean or perform such other acts as may be reasonably necessary to make such Lot and improvements situated thereon, if any, conform to the requirements of these restrictions. The cost incurred by the Association shall be assessed to the Owner. The Owner shall reimburse the Association within thirty (30) days of the date on which the Owner is invoiced by the Association. The Association shall have the right to collect any outstanding maintenance assessments in the manner described in Article XI. Neither the Association nor any of its agents, employees, or contractors shall be liable for any damage that may result from any maintenance work performed hereunder.

Section 5.19 Awnings. Except on Lots on which there is maintained a sales office or model home by the Declarant or a Builder, or as approved by the Committee, no metal, wood, fabric, fiberglass or similar type material awnings or patio covers will be permitted anywhere on the Property.

Section 5.20 Diligence in Construction. Subject to inclement weather, every Residence shall be completed within twelve (12) months after the beginning of such construction or placement. ARTICLE VI

ARCHITECTURAL CONTROLS

Section 6.1 Approvals. Approvals, determination, permissions, or consents required herein shall be deemed given only if they are given in writing and signed, with respect to the Declarant or the Master Association, by an officer thereof, and with respect to the Committee, by one (1) member thereof.

Section 6.2 Committee: Development Standards and Committee. A Development Standards and Architectural Control Committee (the "Committee"), composed of at least three (3) members, shall exist and shall be appointed by the Declarant. Until after the Development Period, such members shall be

subject to removal by the Declarant at any time, with or without cause, and any vacancies from time to time shall be filled by appointment of the Declarant. The Declarant may, at its sole option, at any time hereafter, relinquish for a period of time to the Master Association the power to appoint and remove one or more members of the Committee; provided, however, that any such relinquishment must be in writing and shall be only on the terms and conditions expressed in such writing.

Section 6.3 Continuation of Committee. When the Declarant provides written notification to the Master Association of discontinuance of this Committee, then the Directors of the Master Association, or their designees, shall continue the actions of the Committee with like powers and duties.

Section 6.4 Duties of Committee. The Committee shall approve or disapprove proposed improvements within thirty (30) days after all required information shall have been submitted to it. The Committee for its permanent files shall retain one copy of submitted material. All notifications to applicants shall be in writing, and, in the event that such notification is one of disapproval, the requesting applicant may re-apply with changes. If however, approval has not been received by applicant in writing within thirty (30) days, then said request shall be considered DENIED.

Section 6.5 Exercise of Discretion. Declarant intends that the members of the Committee exercise discretion in the performance of their duties consistent with the provisions hereof, and every Owner by the purchase of a Lot shall be conclusively presumed to have consented to the exercise of discretion by such members. In any judicial proceeding challenging a determination by the Committee and in any action initiated to enforce this Master Declaration in which an abuse of discretion by the Committee is raised as defense, abuse of discretion may be established only if a reasonable person, weighing the evidence and drawing all inferences in favor of the Committee, could only conclude that such determination constituted an abuse of discretion.

Section 6.6 Inspection. The Committee may inspect work being performed without the Owner's permission to assure compliance with these restrictions and applicable regulations.

Section 6.7 Liability of Committee, Declarant, Developer. Neither the Committee nor any agent thereof, nor the Declarant, or Master Association shall be liable in any way for any costs, fees, damages, delays, or any charges or liability whatsoever relating to the approval or disapproval of any plans submitted to it, nor shall the Committee, Master Association or Declarant be responsible in any way for any defects in any plans, specifications or other materials submitted to it, or for any defects in any work done according thereto. Further, the Committee, Master Association and/or Declarant make no representation or warranty as to the suitability or advisability of the design, the engineering, the method of construction involved, or the materials to be used. All parties should seek professional construction advise, engineering, and inspections on each Lot prior to proposing construction.

Section 6.8 Common Areas, Entrances, Street Signs, and Landscape Easements. None of the following shall be installed or constructed without prior written approval thereof by the Committee: (i) any and all landscaping, fences, structures, lighting, walking trails, sidewalks, or other improvements located in any Common Area, landscape maintenance access easement, and/or sign landscape easement, (ii) any entrance monument or signage identifying the Development or any section thereof and/or (iii) street signage.

Section 6.9 Lot Improvements. No dwelling, building structure, fence, deck, driveway, swimming pool, rear yard tennis or basketball courts, or improvement of any type or kind (including significant landscaping or stacking of wood) shall be constructed or placed on any Lot without the prior

approval of the Committee. Such approval shall be obtained only after the Owner of the Lot requesting authorization from the Committee has made written application to the Committee at least thirty (30) days prior to the proposed construction. Such written application shall be in the manner and form prescribed from time to time by the Committee, and shall be accompanied by two (2) complete sets of plans and specifications for any such proposed construction or improvement. Such plans shall include plot plans showing (i) the location of the improvements existing upon the Lot and the location of the improvement proposed to be constructed or placed upon the Lot, each properly and clearly designated and (ii) all easements, set backs, and rights-of-way and (iii) any landscape plans required by the Committee. Such plans and specifications shall further set forth the color and composition of all exterior materials proposed to be used and any proposed landscaping, together with any other materials, photographs, or information, which the Committee may require. All building plans and drawings required to be submitted to the Committee shall be drawn to a scale of $\frac{1}{4}'' = 1'$ and all plot plans shall be drawn by a professional to a scale of $1'' = 30'$, or to such other scale as the Committee shall deem appropriate. It is also recommended that a certified survey be prepared to insure that a resident is not encroaching on an adjacent homeowner or in a Common Area. If Owner has encroached on an adjacent Owner's property or in a common area, the encroaching Owner will, at his or her own expense, move any fence or other improvement(s) so as to eliminate the encroachment. Notwithstanding anything to the contrary in the foregoing, upon receipt of any written application which is in form and content acceptable to the Committee in the Committee's sole and absolute discretion, the Committee may pre-approve a Builder's plans and specifications for the original construction of a Residence and, in the event of such pre-approval, the Builder shall then be authorized to construct the pre-approved Residence on different Lots without further approvals from the Committee.

No fence or screen of any kind will be permitted if its installation will obstruct necessary site lines for vehicular traffic. Undue obstruction of view of other amenities from adjoining properties shall be considered by the Committee when reviewing applications for approval.

Section 6.10 Power of Disapproval. The Committee may refuse to grant permission to construct, place or make the requested improvement with or without cause. Common grounds for denial include, but are not limited to, a lack or absence of the following:

(A) The plans, specifications, drawings or other material submitted must themselves be adequate and complete, show the proposed improvement, and not be in violation of this Master Declaration; and

(B) The design or color scheme of a proposed improvement must be in harmony with the general surroundings of the Lot or with adjacent buildings or structures.

Section 6.11 Power to Grant Variances. The Committee may allow reasonable variances or adjustments of this Master Declaration where literal application would result in unnecessary hardship, but any such variance or adjustment shall be granted in conformity with the general intent and purposes of this Master Declaration, no variance or adjustment shall be granted which is materially detrimental or injurious to other Lots in the Development, and any such variance granted shall not be considered as precedent setting.

Section 6.12 Statement of Purposes and Powers. Subject to this Master Declaration and the restrictions contained herein, the Committee shall regulate the external design, appearance, use, location and maintenance of lands and improvements thereon in such a manner as to preserve and enhance values

and maintain a harmonious relationship among structures and the natural vegetation and topography, and in keeping with the intent of the Declarant.

ARTICLE VII

CONTIGUOUS LOTS

Section 7.1 Rules Governing Building on Several Contiguous Lots Having One Owner. Whenever two or more contiguous Lots shall be owned by the same person, and such Owner shall desire to use two or more of said Lots as a site for a single-dwelling house, such Owner must apply in writing to the Committee for permission to so use said Lots. If permission for such a use shall be granted, the Lots constituting the site for such single-dwelling house shall be treated as a single Lot for the purpose of applying this Master Declaration to said Lots, so long as the Lots remain improved with one single-dwelling house. In addition, the Owner must obtain from the Town of Carmel all requisite and necessary permits and approvals

ARTICLE VIII

USE AND OWNERSHIP OF COMMON AREA

Section 8.1 Ownership. A license upon such terms, conditions, rules and regulations as the Declarant, and successor, assigns or licensees of the Declarant, shall from time to time grant, for the use and enjoyment of the Common Area, is granted to the persons who are from time to time members of the Master Association; provided, however, that no residential development shall occur in the Common Area. Every Owner shall have a nonexclusive right and easement of enjoyment in common with all other Owners, in and to the Common Areas which nonexclusive right and easement of enjoyment shall be appurtenant to and pass with the title to every Lot; provided, however, that any area identified on a Plat as a Limited Common Area shall be for the exclusive use and benefit of Owners whose Lots abut the Limited Common Area, subject to (i) the right of the Association to perform and undertake maintenance of the Limited Common Area and (ii) all easements granted in this Declaration. The Common Areas shall be conveyed by quitclaim deed to the Master Association. Such conveyance shall be deemed to have been accepted by the Master Association and those persons who shall from time to time be members thereof upon the recording of a deed or deeds conveying such Common Area to the Master Association.

Section 8.2 Use. Common Area shall be used for such purposes as deemed appropriate by the Declarant until the end of the Development Period. Following the end the Development Period, the Common Area shall be used for such purposes as deemed appropriate by the Master Association. Any Common Area depicted on the recorded plats of the Development or designated by the Declarant as a Common Area shall remain for the exclusive use of the Owner(s), and their family members, guests, tenants, or contract purchaser who reside on the Lot(s). Neither the Declarant's execution or recording of the plats nor the doing of any other act by the Declarant is, or is intended to be, or shall be construed as, a dedication to the public of the Common Area.

ARTICLE IX

AVALON MASTER ASSOCIATION, INC.

Section 9.1 Master Association Duties The duties of the Master Association shall include the following: (i) the promotion of the recreation, health, safety, and welfare of the residents in the property,

(ii) the maintenance and repair of the Master Common Areas including, but not limited to, any and all lighting, landscaping, pools, amenity areas, the Trail System, and sidewalks located thereon, (iii) the maintenance and repair of any and all entrance monuments and signage, and the landscaping surrounding such entrances monuments and signage, (iv) maintenance and repair of all street signage, street lighting, and all improvements and landscaping existing in any landscape maintenance access easement and/or any sign landscape easement, (v) the performance of any other obligations and duties of the Master Association specified herein.

Section 9.2 Board of Directors. The Owners shall elect a Board of Directors of the Master Association as prescribed by the Master Association's Articles and Bylaws. The Board of Directors shall manage the affairs of the Master Association. Directors need not be members of the Master Association.

Section 9.3 Classes of Membership and Voting Rights. The Master Association shall have the following two classes of voting membership:

(A) Class A. Class A members shall be all Owners with the exception of the Declarant. Class A members shall be entitled to one (1) vote for each Lot owned. When more than one person holds an interest in any Lot, all such persons shall be members. The vote for such Lot shall be exercised as the members holding an interest in such Lot determine among themselves, but in no event shall more than one vote be cast with respect to any Lot.

(B) Class B. The Class B member shall be the Declarant. The Declarant shall be entitled to five (5) votes for each Lot owned. For purposes of this calculation, it shall be assumed that Declarant owns all Lots, which number shall be reduced as Lots are conveyed by the Declarant to an Owner. The Class B membership shall cease and be converted to Class A membership on the happening of either of the following events, whichever occurs earlier (hereafter "Effective Date"):

(i) December 31, 2020; or

(ii) When the total number of votes outstanding in the Class A Membership is equal to the total number of votes outstanding in the Class B Membership; provided, however, that the Class B Membership shall recommence in the event that the Declarant records a plat of part of or all of the Additional Real Estate and, by virtue thereof, total number of votes outstanding in the Class A Membership is no longer equal to the total number of votes outstanding in the Class B Membership.

Section 9.4 Membership. Initially, the person(s) who serve as incorporator(s) of the Master Association shall be the member(s) (the "Initial Member(s)"). The Initial Member(s) shall remain member(s) of the Master Association until the Master Association Articles of Incorporation are accepted by the Indiana Secretary of State, at which time the Initial Member(s) shall cease to be member(s) unless they also qualify as Class A or Class B members. Every Owner of a Lot which is subject to assessment shall be a member of the Master Association. Apart from the Initial Member(s), a membership in the Master Association shall be appurtenant to and may not be separated from ownership of any Lot.

Section 9.5 Professional Management. The Association shall employ the services of a professional manager or management company to assist the Board of Directors in the management and administration of the Association. No contract or agreement for professional management of the Master Association, nor any other contract between Declarant and the Master Association, shall be for a term in

excess of three (3) years. Any such agreement or contract shall provide for termination by either party with or without cause and without payment of any termination fee upon written notice of ninety (90) days or less.

Section 9.6 Master Association Insurance. The Master Association shall purchase the following coverage:

(A) Liability Insurance. The Master Association shall purchase and pay the costs of the policy or policies of insurance in the form generally known as Public Liability and/or owners policies insuring the Master Association against any and all claims and demands made by any person or persons whomsoever for injuries received in connection with the fulfillment by the Master Association of its obligations specified in the Master Declaration, or for any other risk insured against by such policies which the Master Association, in its sole discretion, determines to insure against, including, without limitation, claims arising out of the Master common Areas. Each policy purchased by the Master Association shall have limits of not less than One Million Dollars (\$1,000,000.00) covering all claims for personal injury and One Hundred Thousand Dollars (\$100,000.00) for property damage arising out of a single occurrence. The coverage of the liability insurance policies purchased by the Master Association shall include protection against liability for property damage, bodily injuries and deaths of persons in connection with the fulfillment by the Master Association of its obligations specified in the Master Declaration, liability for non-owned and hired automobiles, liability for property of others and liability arising out of the Master Common Areas. All such policies will name the Master Association as the insured under such policy or policies. The insurance purchased shall contain a "severability of interest endorsement," or equivalent coverage, which would preclude the insurer from (i) denying the claims of an Owner because of the negligent acts of either the Master Association, the Declarant or any other Owners or (ii) denying the claims of either the Declarant or the Master Association because of the negligent acts of an Owner.

(B) Casualty Insurance. The Master Association may purchase and pay the costs of a policy or policies of insurance to allow the Master Association to insure from the fulfillment by the Master Association of its obligations specified in the Master Declaration. Such casualty insurance may insure, without limitation, any improvements located within the Master Common Areas.

(C) Fidelity Coverage. The Master Association shall purchase adequate (i) errors and omissions insurance protecting and insuring the Master Association and its officers and directors against liability for negligence in the fulfillment of their obligations and duties, and (ii) fidelity coverage to protect against dishonest acts of the officers and employees of the Master Association and the Directors and all others who handle and are responsible for handling funds of the Master Association, such coverage to be in the form of fidelity bonds which meet the following requirements unless one or more of such requirements are waived by the Board of Directors.

- (i) Such bonds shall name the Master Association as an obligee;
- (ii) Such bonds shall be written in an amount equal to at least one hundred fifty percent (150%) of the estimated annual Master Association expense; and,

- (iii) Such amounts shall contain waivers of any defense based upon the exclusion of persons who serve without compensation from any definition of "employee" or similar expression.

Section 9.7 Limitations on Rights of the Master Association. As long as there is a Class B Member, the Master Association may not use its resources, nor take a public position in opposition to future phases of *Avalon* proposed by the Declarant or changes to current phases of *Avalon* proposed by the Declarant. Nothing in this paragraph shall be construed to limit the rights of the members acting as individuals or in affiliation with other members or groups as long as they do not employ the resources of the Master Association or identify themselves as acting in the name, or on the behalf of the Master Association.

ARTICLE X

Section 10.3 Annual Assessment.

(A) Amount. The Annual Assessment provided for herein shall be per calendar year and shall commence for each Lot on the date of closing of the sale of a Lot to an Owner other than Declarant or a Builder. The Annual Assessment, commencing during the calendar year in which the first Lot is conveyed to an Owner other than the Declarant or a builder, shall be \$360.00 per Lot per year. The Annual Assessment for the calendar year shall be pro-rated to year-end. The Board of Directors shall fix any increase in the amount of the Annual Assessment at least thirty (30) days in advance of the effective date of such increase. The initial due date for annual assessments shall be January 1st, and such assessment shall be subject to collection and late charges beginning on January 31st.

(C) Method of Assessment. By a vote of a majority of the Board of Directors, the Board of Directors shall, on the basis specified in Section 11.7 below, fix the Annual Assessment for each assessment year at an amount sufficient to meet the obligations imposed by this Master Declaration upon the Master Association. The Board during any calendar year shall be entitled to increase the Annual Assessment for that year if it should determine that the estimate or current assessment is insufficient for that year, provided that the Board shall give at least thirty (30) days advance notice thereof to the Owners. The Board of Directors shall establish the date(s) the Annual Assessment shall become due, and the manner in which it shall be paid.

Section 10.4 One-time Assessment. Upon (i) the closing of the initial conveyance of each Lot by Declarant to an Owner other than a Builder, or (ii) the sale of each Lot by a Builder (either by deed or by installment sale, conditional sale or land-contract sale), the purchaser of such Lot shall pay to the Master Association, in addition to any other amounts then owed or due to the Master Association, as a contribution to its working capital and start-up fund, an amount of Fifty Dollars (\$50.00) against such Lot, which payment shall be non-refundable and shall not be considered as an advance payment of any assessment or other charge owed the Master Association with respect to such Lot. Such working capital and start-up fund shall be held and used by the Master Association for payment of, or reimbursement to Declarant for advances made to pay, expenses of the Master Association for its early period of operation of the Development, to enable the Master Association to have cash available to meet unforeseen expenditures, or to acquire additional equipment or services deemed necessary by the Board.

Section 10.5 Special Assessment. In addition to such other Special Assessments as may be authorized herein, the Board of Directors may levy in any year a Special Assessment(s) for the purpose of enforcing these covenants and restrictions, for legal expenses, for collection expenses, other activity that is the responsibility of an Owner hereunder but which such Owner has not undertaken as required hereunder, for defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of any capital improvement which the Master Association is required to maintain and/or for operating deficits which the Master Association may from time to time incur, provided that any such assessment shall have the assent of a majority or the votes of the members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 10.6 Violation Assessment. In addition to all other assessments as be authorized herein, the Board of Directors may levy a Violation Assessment to an Owner, (i) for a violation against this Master Declaration or (ii) for damages if any portion of the Common Area that the Master Association is obligated to maintain, repair and/or replace is damaged due to the willful or negligent act or omission of such Owner or Owner's guest or invitee. In the event of such damage, the Board shall have the right to undertake the necessary maintenance, repair or replacement. The choice between repair or replacement is in the sole discretion of the Board.

Section 10.7 Basis for Assessment.

(A) Lots Generally. Each Lot owned by a person other than Declarant or a Builder shall be assessed at a uniform rate without regard to whether a Residence has been constructed upon the Lot.

(B) Lots Owned by Declarant or Builder. Declarant and any Builder shall not pay the Annual Assessment and Special Assessment so long as any Residence constructed upon a Lot by Declarant or a Builder has not been either conveyed to an Owner intending to occupy or rent said Residence as a residence or leased to an individual or an entity for use as a Residence.

Section 10.8 Notice and Due Date. Written notice of special assessments and such other assessment notices as the Board of Directors shall deem appropriate shall be delivered to every Owner subject thereto. The due dates for all assessments shall be established by the Board of Directors.

Section 10.9 Collection. All Assessments, together with interest thereon, attorneys fees, and other costs of collection thereof, shall be a charge on the land and shall be a continuing lien upon the Lot against which each Assessment is made until paid in full. Each Assessment, together with interest thereon and costs of collection thereof, including reasonable attorney fees, shall also be the personal obligation of the Person who was the Owner of the Lot at the time when the Assessment became due.

Section 10.10 Effect of Nonpayment of Assessments; Remedies of the Master Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at twelve percent (12%) per annum plus a late charge not exceeding Fifty Dollars (\$50.00). The Master Association shall be entitled to initiate any lawful action to collect delinquent assessments plus any expenses or costs, including attorneys' fees, incurred by the Master Association in collecting such assessment(s). If the Master Association has provided for collection of any assessment in installments, upon default in the payment of any one or more installments, the Master Association may accelerate payment and declare the entire balance of said assessment due and payable in full. No Owner may waive or otherwise avoid liability for the assessment provided for herein by non-use of the Common Area or abandonment of his Lot.

Section 10.11 Suspension of Privileges of Membership. Notwithstanding any other provision contained herein, the Board of Directors shall have the right to suspend the voting rights, if any, and the services to be provided by the Master Association, together with the right to use the Common Areas of any member:

- (A) for any period during which any of the assessments or any fines/fees assessed under this Master Declaration owed by such member remains unpaid;
- (B) during the period of any continuing violation of this Master Declaration; and
- (C) during the period of any violation of the Articles of Incorporation, By-Laws, or regulations of the Master Association.

Section 10.12 Certificates. The Master Association shall, upon reasonable request by an Owner, at any time, furnish a letter in writing signed by an officer of the Master Association, indicating the accounting status of assessments on a Lot showing the balance due the Master Association, if any.

Section 10.13 Subordination of the Lien to Mortgages. The lien of the assessments provided for herein against a Lot shall be subordinate to the lien or any recorded first mortgage covering such Lot and to any valid tax or special assessment lien on such Lot in favor of any governmental taxing or assessing authority. Sale or transfer of any Lot shall not affect the lien of assessments levied under this Article XI. The sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof shall, however, extinguish the lien of such assessments which became due or are attributable to

the period of time prior to such sale or transfer. No sale transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

ARTICLE XI

NEIGHBORHOOD DECLARATION AND NEIGHBORHOOD ASSOCIATIONS

Section 11.1 Neighborhood The Declarant reserves the right, in its sole discretion, to grant neighborhood status to any portion of the Property Declarant may in the future elect to subject to this Master Declaration. The Declarant may designate a Neighborhood as a separate community within the Property with ingress and egress to such community limited to Owners within such Neighborhood.

Section 11.2 Neighborhood Association The Declarant reserves the right to form a property owner's association, condominium association, or other such similar entity for a neighborhood granted such status by the Declarant and as permitted under this Master Declaration.

Section 11.3 Neighborhood Common Area The Master Association may contract with a Neighborhood Association, if any, to provide for the operation and maintenance of its Neighborhood Common Area.

(A) The cost and expense of maintaining the Neighborhood Common Area shall not be a Common Expense, but shall be borne by the Owners of the Plots located in the Neighborhood as set forth in the Neighborhood Declaration.

(B) The Declarant reserves the right to cause portions of the Master common Area(s) to become Neighborhood Common Area(s) by recording an instrument containing such provision with the Recorder of Hamilton County, Indiana. Upon recording such an instrument, the real property described in such instrument shall no longer be Master Common Area and, in lieu thereof, the use and easement rights and the obligations pertaining thereto, including, but not limited to, maintenance administration obligations, shall be those pertaining to such Neighborhood Common Area and not Master Common Area, and the expense for maintenance and administration shall no longer be a Common Expense, but shall be an expense of the Neighborhood Association.

Section 11.4 Neighborhood Declaration The Declarant reserves the right to amend specific provisions of this Master Declaration as it may apply to one or more Neighborhoods without amending those provisions with respect to all Neighborhoods and to supplement this Master Declaration by recording separate covenants, conditions, restrictions and other provisions applying to any specific Neighborhood. Separate covenants, conditions and restrictions may be recorded as a supplement to this Master Declaration or as a Neighborhood Declaration. The Declarant also reserves the right to determine the consistency of all Neighborhood Declarations in comparison with the Master Declaration and the plan of development of the Property and to approve and consent to all Neighborhood Declarations prior to the same being recorded with the Recorder of Hamilton County, Indiana. So long as the Declarant Membership exists, Neighborhood Declarations shall not be effective until the Declarant approves and consents to the same in writing. Any Neighborhood Declaration shall be supplemental to this Master Declaration and in no way shall be construed to supersede or override the provisions of the Master Declaration. In the event of a conflict between this Master Declaration and any Neighborhood Declaration, the Master Declaration shall control.

ARTICLE XII

REMEDIES

Section 12.1 Delay or Failure to Enforce. No delay or failure on the part of any aggrieved party to invoke any available remedy with respect to a violation of any one or more of covenants, conditions, and restrictions in this Master Declaration shall be held to be a waiver by that party or an estoppel of that party of any right available to such party upon the occurrence, reoccurrence or continuation of such violation or violations of this Master Declaration.

Section 12.2 Enforcement by the Town or the Town's Plan Commission. These Restrictions may be enforced by the Town, the Town's Plan Commission, or its successors or assigns, pursuant to whatever powers or procedures are statutorily available to it for such purposes.

Section 12.3 In General. The Master Association or any party to whose benefit this Master Declaration inures, including the Declarant and/or any Owner, may proceed at law or in equity to prevent the occurrence or continuation of any violation of these Restrictions, or to compel compliance with these Restrictions and Covenants, and shall be entitled to recover costs of collection and reasonable attorney's fees; however, neither the Declarant, nor the Master Association, shall be liable for damages of any kind to any person for failing either to abide by, enforce, or carry out any terms, conditions, or restrictions contained in this Master Declaration.

ARTICLE XIII

EFFECT ON BECOMING AN OWNER

Section 13.1 The Owner(s) of any Lot subject to this Master Declaration, by acceptance of a deed conveying title thereto, or by virtue of the execution of a contract for the purchase thereof, whether from Declarant, a Builder, or a subsequent Owner of such Lot, shall accept such deed and execute such contract subject to each and every covenant, condition, and restrictions contained in this Master Declaration. By acceptance of such deed or execution of such contract each Owner acknowledges the rights and powers of the Declarant, Committee, and Master Association contained in this Master Declaration, and also, for themselves, their heirs, personal representatives, successors and assigns, such Owner(s) covenant and agree and consent to and with the Declarant, Committee and the Master Association and to and with the other Owners and subsequent Owners of each of the Lots affected by this Master Declaration to keep, observe, comply with and perform such covenants, conditions, and restrictions contained in this Master Declaration.

ARTICLE XIV

TITLES

Section 14.1 The titles preceding the various paragraphs and subparagraphs of this Master Declaration are for convenience of reference only and none of them shall be used as an aid to the construction of any provisions of this Master Declaration. Wherever and whenever applicable, the singular form of any word shall be taken to mean or apply to the plural, and the masculine form shall be taken to mean or apply to the feminine or to the neuter.

ARTICLE XV

SEVERABILITY

Section 15.1 Invalidation of any one of the covenants, restrictions or provisions contained in this Master Declaration by judgment or court order shall not in any way affect any of the other provisions hereof, which shall remain in full force and effect. No delay or failure by any person to enforce any of the restrictions or to invoke any available remedy with respect to a violation or violations thereof shall under any circumstances be deemed or held to be a waiver by that person of the right to do so thereafter, or as estoppel of that person to assert any right available to him upon the occurrence, recurrence or continuation of any violation or violations of the restrictions.

ARTICLE XVI

DECLARANT'S RIGHTS

Section 16.1 Any and all of the rights and obligations of the Declarant set forth in this Declaration may be transferred, in whole or in part, to other persons or entities, provided that the transfer shall not reduce an obligation nor enlarge a right beyond that contained in this Declaration. No such transfer shall be effective unless it is in a written instrument signed by the Declarant and duly recorded with the Recorder of Hendricks County, Indiana.

Section 16.2 Nothing in this Declaration shall be construed in a manner that limits or restricts the Declarant and/or any Builders in their development of the Property and construction of residences thereon. Therefore, notwithstanding anything herein to the contrary, the Declarant and/or any Builders authorized by Declarant may maintain and carry upon portion of the Common Area, and other portions of the Property owned by the Declarant, such facilities and activities as, in the sole opinion of the Declarant, may be reasonably required, convenient, or incidental to the construction or sale of Residences including, but not limited to, business offices, signs, model units, sales offices, and sales trailers.

ARTICLE XVII

AMENDMENT TO THIS MASTER DECLARATION

Section 17.1 This Master Declaration and the covenants, conditions and restrictions set forth in this Master Declaration, as from time to time amended in the manner hereafter set forth, shall run with the land and shall be binding upon the persons owning any portion of the Property and all parties closing under them. This Master Declaration may be amended or modified at any time by an instrument recorded in the Office of the Recorder of Hamilton County, Indiana, approved and signed by persons together holding seventy-five percent (75%) of all votes entitled to be cast by Class A Members and Class B Members, combined. Provided, however, that none of the rights or duties of Declarant reserved or set out hereunder may be amended or changed without Declarant's prior written approval. This Master Declaration may also be amended by Declarant, if it then has any ownership interest in the Property, at any time within five (5) years after the recordation hereof. Any amendment must be recorded.

IN TESTIMONY WHEREOF, witness the signature of the Declarant of this Master Declaration as of the date first above written.
